

# 3 – Haywood Car Park to Shillito Wood

## 5.4 miles

1. **Proceed through the car park to the stile at the bottom end and cross over it.** *The path now descends steeply to some stones over a small stream. Cross over this and climb up some steps to a gate. Go through the gate onto a road and turn right.*
2. *After about 50 yards, cross over the road to a gate and obvious path. Go through the gate and continue along the path, which leads you to Froggatt Edge.*
3. *After a third of a mile, having walked through a small wood, you reach a kissing gate. Pass through this and turn right along the well-worn path. You will have the “Edge” on your right and open moorland on your left.*
4. *Follow this path for approximately two miles, during which time Froggatt Edge becomes Curbar Edge. After two miles the path descends to a white gate. Pass through the gate on the left and follow the obvious path on the right, down to the road. You are now at Curbar Gap.*
5. **Cross the road and rejoin the path, having passed through a gate, and continue ahead with a stone wall on your left.** *After a short while the wall ends and you once again have open moorland to your left.*
6. *After about two thirds of a mile, a small path goes left off the main path past a large stone (Eagle Stone) and heads down to a stone cross (Wellington Monument). Take this path and, having reached the Wellington Monument, turn 90° left and follow the path for about one mile until you reach a green gate. Pass through a gate to the right and onto the road. Turn right and walk to the road junction.*
7. *At the junction, turn left and walk up the road for about 200 yards, until you reach another road signposted “Millthorpe, Barlow”, on your right.*
8. **Turn right and walk along this road for one mile, passing Ramsley Reservoir on your left. Ignore the turning off to the right, in front of the wood, and continue straight ahead, road rising slightly, for about 150 yards. On your right you will see a car park (Shillito Wood).**

### **This is Checkpoint 3.**
